

## Single Head Linear Type Automatic Auger Filler VTOPS-PSH-L

Single head linear type automatic auger filler of model VTOPS-PSH-L is an updated linear type auger filler from model VTOPS-PSH-01. It is a new style auger filler developed by Zhengzhou Vtops Machinery Co Ltd.

VTOPS-PSH-L is suitable for a variety of hard containers, such as glass bottles, plastic jars, tin cans and so on.

### Features:

- 1). Linear positioning device.
- 2). LCD touch screen with Chinese and English.
- 3). PLC control system.
- 4). The diameter and height of the container are adjustable.
- 5). Split-hopper [3] is easy to clean.
- 6). Filling motor is servo motor [4].

### Technical Parameters:

Model	VTOPS-PSH-L
Metering Range	5g-2500g
Filled Error	$\leq \pm 1\%$
Measurement Method	Auger Filler

Filling Speed	0-60 fills/min
Filling Motor	Servo Motor <sup>[3]</sup>
Auger Height Adjustable	Yes [3]
Monitorable Hopper	Yes [3]
Easy Clean Hopper	Yes [3]
Hopper Volume	50 Liters
Contact Materials	SUS 304
Air Consumption	25 L/min
Machine Weight	300 kg
Voltage	AC Three-Phase 380V 50/60HZ
Power	2.0 Kw
Machine Weight	380 KGS
Dimension	2000*850*2220mm
