

3 Or 4 Side Seal Bag Sachet Packing Machine SUN-160G

Feature

1. The machine is featured with compact structure, durable, logical design and precise;
2. Adopts photoelectric eye control system, step motor to control pulling film; reliable and stable;
3. The frequency control of motor speed, more stable operation, lower noise;
4. A completely automatic packing machine from feeding, measuring, filling, forming, date printing, sealing and output.

Parameters:

Sachet Packing Machine SUN-160G	Packing Speed	5-70 Bags/Min
	Volume	600ML
	Bag Width	40-150 MM
	Bag Length	50-200 MM
Packaging Film	Max Width	320 MM
	Thickness	0.04-0.09 MM
	Material	OPP/ CPP PET/PE PET-AL/PE Lamination Film
Sachet Packing Machine SUN-160G	Weight	300 Kg
	Air Consumption	0.5Mpa 0.3m ³ /Min
	Power Supply	2.0Kw 220V 50Hz
	Dimension LxWxH	1200x700x1600 MM
