

TF6540SA+BS5540M-PE Sleeve Sealing & Shrinking Packaging Machine

TF6540SA+BS5540M Sealing & Shrinking Packaging Machine is semi-automatic sealing packing machine. The semi-automatic sealing and shrinking packaging machines is suitable for PE film packing. Compared to the traditional carton packaging, it has significant savings in packaging costs.

This machine is mainly for food, beverages, souvenirs, ceramics and other larger items mantle seal cut packaging.

Technical parameter:

Voltage	220V, 50-60HZ
Power	1.5KW
Electric hot plate power	1.3KW(2 pieces)
Packing object size max. (L×W×H)	400x300x380mm
Packaging speed	By proficiency
Maximum sealing size	650mm
Conveyor height	800+50mm(adjustable)
Working pressure	5-7kgf/cm2
Overall dimensions (L×W×H)	925×1040×1920mm
Weight	300kg
