

Multi-Functional Food Mixer SYH-20

3D swing Mixer Machine is suitable for mixing dry powder materials with high mixing uniformity and good mixing effect. The barrel is driven by the shaft to move and roll so that the material in the barrel moves in three directions to achieve the effect of mixing. The Stand Mixer can be used to mix food powder, it is the dry powder Food mixer with the best mixing effect.

Technical Parameters:

- Model No.: SYH-20
- Application: Powder, Medicine Processing, Chemicals Processing, Food Processing
- Max. Loading Volume (L): 12
- Barrel volume (L): 20
- Dimension(L*W*H)(MM): 750*1100*950
- Weight (KG): 200
