

## *ZP33F/35F/37F High speed rotary tablet press*

That machine is the latest High Speed Rotary Press Machine in current industry, which development and innovation basis on board and at home technical by our factory; with in high speed and high capacity and used to various normal or abnormality tablets pressing; It's the best choice for large Industries of Pharmaceutical, Chemical, Foodstuff, Plastic Electronic producing.

### **Features:**

1. The machine designed for fully enclosed structure; it has the advantage of good appearance in design, high efficiency, lower energy consumption and etc.
2. The material contact a part is made of stainless steel, the surface of turntable deal with polished to prevent cross pollution which meet the GMP requirements.
3. It's equipped with Plexiglas perspective window for tablet producing observation Eacwoning and maintenance.
4. Driving system is equipped with oil box and running under oil, easy for heat dissipation and durable, non-pollution.
5. It adopts import frequency timing, with hydraulic system.
6. With the Over-loading protection.
7. The Punch Die of that machine is current used to ZP19 ZP33B type.

**Main Technical Parameters:**

Pouch length	60-130mm (adjustable)
Pouch width	50-100mm (adjustable)
Max packing speed	50 strokes/min
Filling capacity	1-3Pcs
Applicable film	PET/AL/PE PET/PE NY/AL/PE NY/PE
Max film width	200mm
Max film diameter	Φ300 mm
Film core diameter	Φ70-76 mm
Electric source	220V 50Hz
Total power	3.5 Kw
G.W.	380Kg
Package size	1250×850×1350(L×W×H)
