

WP-50Y-2 Shampoo Color Packaging Machine

The shampoo color packaging machine can pack two different materials into one bag separately.

Compact Dimensions

- ◆Especially suitable for packing two different materials of 1-15ML each side, total two side
- ◆Innovation design: 3 layers film, make bags smoothly
- ◆Some chemical developer has corrosive substance, so sometime we use plastic tank instead of stainless steel hopper
- ◆Adjustable Screw to adjust the bag length from 5-15cm
- ◆ Can cut single bag or chain bags.
- ◆Accurate measurement, stable filling, simple operation, high-speed dispensing
- ◆Widely used in hair dye, shampoo, daily chemical, other industries

Product Description

Model Number	WP-50Y-2
Capacity(bag/min)	10-35bags/min
Range of measurement(ml)	(1-15)+(1-15)
Bag size(mm)	(L)30-150, (W)70-110
Power(W)	1100
Source voltage	220V/50-60HZ
Packing material	Pape/PE,PET/AL foil/PE,PET/PE,NYLON/PE, paper /PE etc.
Net weight(kg)	260
Overall dimensions	850X1250X1650mm(LxWxH)
