

ZS-320 Pillow-Type Packing Machine

Be applicable for packing the products with multiple specifications and shapes, such as, dry minced meat cake, moon cake, bread, cake, drugs, caramel treats, drugs, hardwares and medical apparatus and instruments

Technical characteristics:

1. Adoption of double variable frequency stepless speed regulating;
2. Intelligent control system of human-computer interface; parameter setting;
3. Automatic tracing and color code positioning by electric eye: accurate cutting location;
4. Positioning halt; prevention of knife adhesion and membrane burning;
5. Universal bagger, with convenient and simple operation.

Technical Specification:

Model		ZS-320	Motor power	0.6kw
Bag Size	Length(mm)	80-210	Heating power	3.5kw
	Width(mm)	35-140	Film width	100-360
	Height(mm)	5-45	Machine weight	550kg
Capacity(bags/min.)		30-200	Dimension(L*W*H)(mm)	4000*940*1600
Total power(kw)		4.2
