

## Automatic High Speed Bottle Unscrambler LPJ-200

This is one of the fastest and intelligent bottle unscramble in the world. The machine supply a unscramble solution to various shapes of plastic bottles. The latest advanced technologies adapted to this equipment ensure the speed and accurate work stably.

### Structure & Function

- Composed of bottle lift device, bottle sort device and unscramble mainframe.
- Apply to various shape of plastic bottle.
- Electronic speed-adjustment.
- Photoelectric control systems ensure the exact delivery speed.
- Completely Comply to GMP standard.

### Parameters

Model No.	Extreme Output	Height of Bottle	Diameter (mm)	Electricity Supply	Power	Air Pressure	Size of Shape(mm)
<b>LPJ-200</b>	200-300 (bottle/min)	50-200 (mm)	φ25-φ100	220V 50/60Hz	1.5KW	0.5-0.7MPa	3000x1340x1780
