

FK Big Bucket Labeling Machine

FK Big Bucket Labeling Machine, It is suitable for labeling or self-adhesive film on the upper surface of various items, such as books, folders, boxes, cartons, toys, bags, cards and other products. The replacement of the labeling mechanism can be suitable for labeling on uneven surfaces. It is applied to the flat labeling of large products and the labeling of flat objects with a wide range of specifications.

Technical Parameters:

U	220 V
KW	990W
Bar	0.3--0.6 Mpa
Weight	About:140KG
Power	available 220V/50HZ
Machine size	850 mm * 410 mm *720 mm
Label diameter	Φ76mm-240 mm
Labeling tolerance	±0.5 mm
Label size limit(MM)	L 6 -150 mm W 15-130 mm
Production listing size	L 20 -200 mm W 20-150 mm T 20 -320 mm
Labeling speed to up	15-30 /PCS /minute
