

Small Shrink Tunnel BS4020

The small shrink tunnel is suitable for shrink films such as PVC, PP, POF, etc. There are shrinking tubes on the top, bottom and sides of the shrinking room. The temperature of the shrink room and the speed of the conveyor are adjustable. And the size of the machine can be customized.

Features

1. Compact construction, high efficiency.
2. The use of intra-red Quartz heater tube reduces the power consumption.
3. Strong air-flow ensures excellent heat distribution for an even shrinking.
4. The temperature controlling system makes the operation easily.
5. The speed of the conveyor is adjustable.

Technical Parameter:

Model	BS4020
Voltage	380V/3PH 50-60Hz
Power	7.5KW
Heater type	Quartz heater
Conveyor speed	0-10m/min
Conveyor loading	5kg
Tunnel size(L*W*H)	830*400*200mm
Machine size (L*W*H)	1250*700*670mm
