

OC-250B Bread Biscuit Candy Sweets Packaging Machine

Horizontal up film roll pulling type packing machine for product like bread, biscuit, cookies, chocolate, candy etc. PLC touch screen control, different language customize for customer, according to your product size to choose the suitable model. Back sealing pillow bag, can be add with nitrogen gas filling.

Machine description:

1. Dual inverters control, bag length can be set and cut in one step, saving time and bags.
2. Computer interface operation, convenient and quick parameter setting.
3. PLC control, stable performance available for upgrade.
4. High sensitivity photoelectric eye color tracing, numerical input of cutting sealing position for extra accuracy.
5. Temperature independent PID control, more suitable for packaging different materials.
6. Self failure diagnosis, clear failure display; positioned stop function, without knife sticking and film wasting.
7. Using double encoder enables stable performance.
8. Strengthened blade holder makes compact sealing
9. Optional air filling device achieves broad application.
10. Selected code system achieves credible Packaging.
11. Simple and automatic packaging achieves high speed and saving labor.
12. Optional material-cutting proof device, guarantee for using.
13. Multipurpose packaging, suitable for various packaging to similar type of product.

Parameter:

Model	OC-250B
Film Width	Max.250mm
Bag Length	65~190mm
Bag Width	30~110mm
Product Height	Max.40mm
Film Roll Diameter	Max.320mm
Packaging Rate	50~150 bags/min
Power	220V,50/60HZ,2.4KVA(THE VOLTAGE CAN CUSTOMIZED WITH 110V)
Machine Size	(L)3770*(W)670*(H)1450mm (customize)
Machine Weight	800kg
