

## ***XFS-180II Automatic Powder Twin-Sachet HFFS Packaging Machine***

XFS-180II is automatic horizontal packing machine which has concise duplex output design, has speed 160 bags/min, it is economic solution for high speed packaging for small bag. This machine is widely used in the packing fields of food, pharmaceuticals, house chemicals, cosmetics, etc. And it is suitable for powder, granule product and liquid product, etc. with different products, use different fillers.

***Application:*** powder and granule: milk powder, Protein powder, coffee powder, baking powder, granule sugar, Glucose, MSG, juice powder, Granular and powder additive, granule medicine, Talcum powder, Dyes, spices, veterinary drugs, pesticides, detergent powder, etc.  
Liquid and paste: tomato paste, fruit jam, shampoo, liquid fertilizer, pesticides, etc.

***Character:*** It adopts PLC human-machine interface and all the actions are driven by air cylinder. The system for going down film uses servomotor control so that we can adjust dimension of film randomly, it has the advantage of high efficiency, applicability and stability. The package is beautiful, and the sealing strength is high. It is the ideal choice for packing foodstuff, pharmaceutical, cosmetic, pesticide, feedstuff industry and so on.

## Technical Parameter

Machine dimensions	3500*970*1500(L*W*H,mm)
Weight	1500kg
Electric supply	AC380V 50Hz
Power	4.5Kw
Air supply	0.5MPa
Air consumption	200NL/min
Packaging capacity	120-180ppm
Wide size	50mm-90mm
High size	80mm-180mm
Max filling capacity	100ml
