

## *Full-Automatic Box Double-Side Corner Labeling Machine*

This machine is specially developed for box sealing label. Including automatic conveyor belt, can automatically transport products, can be single-machine production or connected to the front production line (according to the characteristics of the product itself, can choose to increase the automatic feeding device, to achieve the automatic feeding or receiving of the product, save labor). According to the labeling position of the box, the label head can be placed on the side or the upper plane, which can be matched in different ways to meet the requirements of turning the box to the side, turning the box to the side, or labeling the opposite side. Choose your equipment well.

Full-Automatic Box Double-Side Corner Labeling Machine compared with similar products on the market, it has incomparable outstanding advantages in terms of performance, quality, appearance, etc., and enjoys a good reputation in the market. Sinoped summarizes the defects of past products, and continuously improves them. The specifications of Full-Automatic Box Double-Side Corner Labeling Machine can be customized according to your needs.

### **Product parameter**

Labeling accuracy	±1mm(Not including bottle/label error)
Labeling speed	30-100 pcs/min(Depend on box/label size)
Box size range	L:50~220mm、W : 20~250mm、H : 30~200mm
Label size range	Length: 10-100mm, Width(Label base): 10mm-100mm
Power	1220W
Voltage	AC, 220V, 50Hz
Dimension	2320mm×1600mm×1385mm (L*W*H)
Weight	330KG
