

KENO-H104 Semi auto Film Sealing Cutting Machine

Applications: Pharmaceuticals, foods, stationery, cosmetics, electronic product, toys

Features:

- 1) Totally enclosed packing type
- 2) Instant heated blade, sealing and cutting automatically. Sealing-cutting time can be adjusted optionally
- 3) Transmits automatically, transmitting time and the height of transmitting platform can be adjusted
- 4) Protective device can effectively prevent wrong cutting
- 5) It's easy to operate

Specifications:

- Power supply: 220V 50Hz
- Power: 12kW
- Max. Sealing and cutting size: 550 x 380 x 260mm
- Max. Packing speed: 12 bags/min
- Air pressure: 0.5MPa
- Overall dimensions: 1445 x 680 x 1150mm
- Weight: 105 kg
- Main material: Carbon steel
