

TM-12-1H-P Ampoule Bottle Cartoning Machine

Target products: Ampoule bottle

Features:

1. Vibration (Fully enclosed by aluminum all-gold frame, with soundproof brocade to reduce production noise) automatic feeding system
2. Auto discharge bottles under sensor
3. Same product direction (E.g the logo is uniformly facing up)
4. The robot grabs bottle into tray

Specifications:

- Voltage: AC220V/50Hz
- Weight: 500 kg
- Power: 3 kw
- Compressed air: 0.6-0.8 Mpa
- Output: 50-60 pcs/min
- Air input: 0.6-0.8 kgf
