

## Automatic Side Sealing and Shrinking Packaging Machine BSF-5545LE

BSF-5545LE Side Sealing Machine is available with center fold film to seal three sides, perpendicular drive horizontal sealing, constant temperature side sealing, it adopt automatically or manually feed type, it suitable for fully automatic shrink wrapping.

- Simple setup system and operation through user friendly touch screen design.
- Economical packaging of a wide range of products within the sealer dimensions.
- High quality film packaging.
- Fully automatic operation for an efficient packaging process.
- Have kiss belt function for small product packing.
- Continuous side sealing without product length limit.
- High packing speed can reach to 0-25 pcs/minutes.

### Parameters:

Model	BSF-5545LE
Voltage (v/hz)	3 Phase 380/50 or 3 Phase 220/60
Compressed Air (kg/cm <sup>3</sup> )	6-8
Power (kw)	1.8
Capacity (pcs/min)	0-25
Max. Packing Size (W+H) (mm)	W+H≤450,W<350 Length unlimited
Max. Packing height (mm)	150
Sealing Length (mm)	450
External Dimension (L×W×H)(mm)	1680×975×1500
Net Weight (kg)	290
