

GF-60 Soft Tube Filling And Sealing Machine

The machine can automatically orientate eye marks, filling, sealing, pressing date and cutting the end.

This machine is widely used in daily cosmetic, medicine and food industries.

Technical Parameter

Model	GF-60
Production capacity	60 pcs/min(max)
Filling capacity	5-250ml/pc
Filling error	$\leq \pm 1\%$
Suitable diameter of soft tube	10-50mm
Suitable length of soft tube	50-240mm
Power of the main motor	1.1kw
Power for heat sealing	3kw+0.7lw(Air motor)
Working air pressure	0.4-0.6Mpa
Air displacement	1100L/min
Outer dimension(mm)	1950*1000*1800
Weight	850kg
