

Heavy Grain Packaging Machine YS-80IIBK

The advanced touch screen and PLC control system ensures easy and accurate operation. It supports a variety of materials and sealing methods to meet diverse needs. With its stable performance, convenient adjustment and precise temperature control of $\pm 1^{\circ}\text{C}$, YS-80IIBK is your ideal choice to improve production efficiency and quality.

Specifications

Model	YS-80IIBK
Measuring range	0.1-1kg
Big size	Length(L):60-280mm
	Width(W):50-200mm
Packing speed	10-30 bags/min
Dimensions	970*1100*1900mm
Machine weight	300kg
Total power	AC220V /50HZ /3KW
