

Automatic Wrap-around Labeling Machine CY-2000

Apply the label on all kinds of cylinder in semi- or fully wrap-around. It's suitable for medicine, food, beverage, and cylinder in semi- or fully wrap-around. It can also be connected to automatic production lines for filling, capping, etc.

Features :

1. The machine is all made up of stainless steel and aluminum alloy from main board, main frame, conveyor belt table, legging, to interface. Main frame is qualified according to G.M.P standard.
2. When labeling, the bottle will automatically rotate to allow the labeling device to apply the pressure for labeling.
3. Label position, height, and angle can be adjustable by hand wheel.
4. It is optional to add auto-feeding screw mechanism, Collecting turn table and Positioning Oriento Mechanism.
5. Inexperienced users only need to touch a button and follow the step on the screen, setup simply will be done.

Specification for Product :

Model	CY- 2000
Machine Size (L*W*H)	2000x1050x900 mm
Label Length	10-320mm
Label Height	20-135 mm
Label Reel (I.D.)/(O.D.)	76 mm / 360 mm
Product Height	20-250 mm
Product Thickness (Diameter)	10-110 mm
Labeling Speed	10-200 bpm
Control System	CPU/PLC
Power Supply	110V / 220V, 50/60HZ, single phase
