

## *HC 200 Horizontal Carton Packaging Machine*

HC 200 is a horizontal carton packaging machine in a continuous / intermittent motion. This model is suitable for small and medium sized production, in which is capable of producing 200 cartons per minute. By designing the main working station as the combination of both servo and mechanical systems, such design has guaranteed the operation speed with minimal maintenance.

### **Features**

- Combining both servo and mechanical cam driven system
- Intermittent or Continuous motion
- PLC control system and HMI touch screen
- GMP compliant design
- Fast and easy format changeover
- Available for 21 CFR Part 11

### **Specification**

Model	HC 200
output	200 cpm
mode of operation	continuous / intermittent motion
carton size	A: 30 - 100 mm
	B: 15 - 90 mm
	C: 70 - 150 mm
