

SH-STB1 Automatic High Accuracy Positioning Vision Inspection System CCD Flat Surface Labeling Machine Label Applicator

Main Feature

- ▶ This labeling machine is equipped with a feeder and accumulator, suits for automated labeling of flat objects.
- ▶ Adopting a vision inspection system that accurately identifies the product's position and orientation.

Parameter

- Capacity: 20~30 pieces/min
- Qualified rate: $\geq 99.5\%$
- Label specifications: L20-180mm/W 22-104mm
- Label diameter: Max 265mm(76mm Reel Core)
- Labeling accuracy: $\pm 1\text{mm}$
- Overall dimensions: About 700*700*1700mm
- Overall weight: About 350kg
- Power supply: AC100-240V-5A,50_60Hz
- Method of pasting labels: Real time printing of labels
- Print resolution: 203/305/609Dpi 203/305/609
