

SUNHAN

SH-GT1 Semi-automatic Piston Pump Cosmetic Cream Lotion Gel Honey Jar Bottle Paste Filling Machine

Main Feature

- ▶ This filling machine is controlled by piston pump, it has high filling accuracy.
- ▶ Machine is work with air compressor, it has larger power to filling paste like shampoo, gel, cream, etc.
- ▶ Mixing and heating functions can be customized as needed.

Parameter

- Model: SH-GT1
- Voltage supply: 220/110V 50/60Hz
- Power: 10W
- Filling accuracy: $\leq \pm 1\%$
- Filling speed: About 4-60bottles/min (Take water for example)
- Filling volume: 10-100/10-200/30-300/50-500/100-1000/500-2500/1000-5000ml(choose based on your requirement)
- Equipped with air pressure: 0.4-0.6 MPa
- Size of air compressor connector: OD 8mm
- Air consumption: $\geq 0.1\text{m}^3/\text{min}$
