Automatic Flat Labeling Machine ALM-11300

This is Automatic Flat Labeling Machine; it's applied to label the self-adhesive label on various flat surface products, as books, file folders, cases, cartons, bags, etc.

This machine is widely used in electrical, pharmacy, foodstuff, and beverage, cosmetic and chemical etc industries.

Features:

1. Adopt mature technology PLC control system, operation is stable and high-speed
2. Using touch-screen control operating system, simple, practical, efficient;
3. Adapt variety shape of object in top labeling;
4. Screw adjustment to suppress body movements accurately;
5. Synchronization chain mechanism ensures labeling smooth and precise calibration;
6. Advanced technology of pneumatic code system, print batch number and expiry clearly.
7. Transmission-type rolling bottles make sure the labels attached more firmly;
8. Labeling transparent label without bubble and wrinkle;

Specification:

1. Label width: 20-150mm
2. Label length: 6-250mm
3. Products Diameter:
Length: 40mm-400mm
Width: 40mm-200mm
Height: 0.2mm-150mm
4. Max Outside diameter of label roll: φ350mm
5. Inside diameter of label roll: φ76mm
6. Max Labeling speed: 200pcs /min
7. Accuracy of labeling: ±0.5mm
8. Power: 220V/110V 50/60Hz 950W
9. Packing Size: 1600*780*1400mm
