

Automatic Carton Edges Sealer TFD-CS350

The automatic carton edges sealing machine adopts automatic system, equipped with photoelectric detection, automatic alarm and other functions, can realize unmanned automation. The machine can be widely used to many size cartons.

The parameters:

Model No.	TFD-CS350
Supply voltage	AC220/380 50/60HZ
Working Air Pressure	5.5-6KG/CM2
Sealing speed	20M/MIN
Adhesive Tape size	W(48,60,72)*L 1000mm
Height of working table(MM)	550-630MM
Min. packing dimension	L190*W200*110MM
Max. packing dimension	L700*W500*H500MM
Machine size	L1955*W1340*1330MM
