

## Fully Automatic High Speed Edge Sealing Hob Heat Shrinkage Packaging Machine ZWD-300

Suitable for large quantities in software, food, cosmetics, printing, pharmacy, floor, ceramics, beverage, hardware and other industries Heat shrinkable packaging.

### Main technical parameters

Model	ZWD-300
Power Supply	380V/50-60Hz/3phase
Highest speed	80 packs / min.
Packing height	≤125mm
Packing width	≤350mm
Package size	Width + Height≤400mm
	Width + Height≤400mm
Applicable film	POF folded film
Maximum film	530 mm (width)x 280 mm (outer diameter)
Power	1.5kW
Air pressure	≤0.5MPa(5 bar)
Sealing and cutting system	Constant temperature heating system, easy to change the cutter, sealing and cutting without smoke and odor
	Permanently heated seal bar coated with teflon
Weight	650kg
