

## Powder Screw Conveyor

### Features:

The machine adopts screw conveying material, and the storage can be vibrated. It is suitable for conveying various powder and little pellets

### Double motor:

Giving material motor and vibrating motor, control separately. Material box vibrating and the vibrating range can be adjusted, separate design for material box, easy to taken down. Strengthen vibrating motor. In order to clean remainder: the screw can be reversed, the screw can be taken out easily.

### Technical Parameters

Motor Power	Feed port size	Pipe length	Conveying capacity	Pipe diameter
1.5kw	835x800mm	2623mm	1-3 T/h	114mm
1.5kw	835x800mm	3095mm	1-3 T/h	114mm
1.5kw	835x800mm	3566mm	1-3 T/h	114mm
1.5kw	835x800mm	4038mm	1-3 T/h	114mm
1.5kw	835x800mm	4510mm	1-3 T/h	114mm
2.2kw	835x800mm	4981mm	1-3 T/h	114mm
2.2kw	835x800mm	5453mm	1-3 T/h	114mm
2.2kw	835x800mm	5924mm	1-3 T/h	114mm
2.2kw	835x800mm	6160mm	1-3 T/h	114mm
