

## *ZPW-25 Rotary tablet press (IPT Europe type)*

That machine is a double press automatic rotation for shape-pressing equipment, which have the function of press the grains material to be round or irregular shape tablets, such as candy, calcium tablets double-sides with letter printing and etc. which widely suitable for the Industries of pharmaceutical, Chemical, Foodstuff, Plastic Electronic, Powder Metallurgy and so on.

### **Features:**

1. The material of the machine is made of stainless steel with totally closed, the surface of timetable deal with polished and prevent cross pollution which meet the GMP standard.
2. It is equipped with Plexiglas perspective window for tablet producing observation. Each perspective window could be fully opened and easy for cleaning and maintenance.
3. It is adopts the import Frequency Timing with Electromagnetism Clutch.
4. The system of Hydraulic Pressure keep the working pressure under steady, when the pressure over-loading, it will be stopped the machine automatically.
5. Driving system is equipped with oil box and running under oil, easy for heat dissipation and wear-resistance.
6. It is equipped with Dust Collector as well, which avoid the dust emission, and recycle to save dust.

**Main Technical Parameters:**

Die Amount	25 stations
Max.Pressure	80 KN
Max.Filling Depth	17 mm
Max.pressure Diameter	25 mm (Irregular 16)
Max.tablet Thickness	7 mm
RPM	14-30 (r/min)
Working Capacity	4000-90000 (P/h)
Power supply	4KW380V 50HZ (220V 60HZ)
Overall Dimension	1300x1200x1750 (mm)
Weight	2000 (kg)
