

FND®

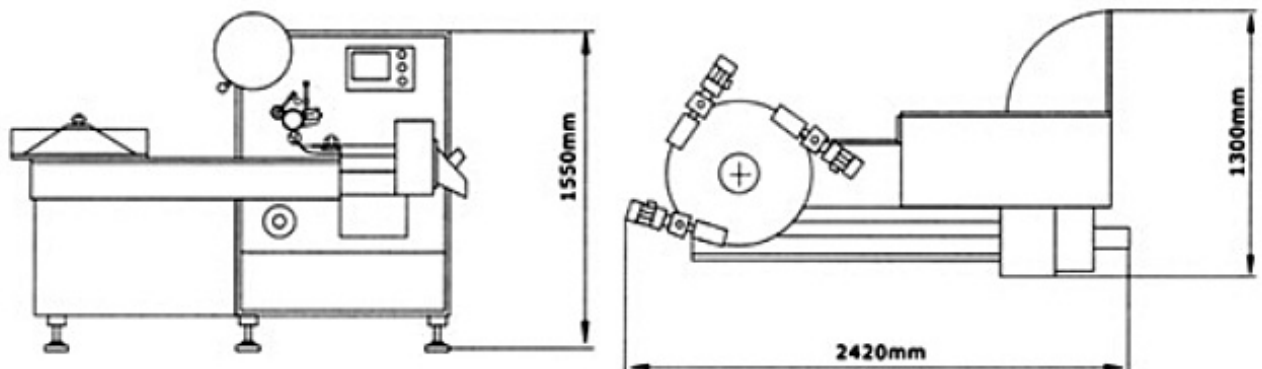

Candy Packing Machine FND-FW1200

Categories: Candy Packing Machine > Flow Wrapping Machine

Capability & Characteristic:

- Soft-PLC program control
- Servo drive
- SICK photoelectric sensor
- Precise process of latitudinal sealing & longitudinal sealing
- High cutter tool life
- Good accessibility for cleaning & maintenance

Main technical data:

Output	1200pcs/min
Power	3.5kw
Packaging material	CPP/PET CPP/BOPP
Product shapes	Roundness, oval, rectangle, column, squareness, sphericity.
Product types	Toffee, hard candy, crisp candy, soft candy, chewing gum, etc.
Weight	Approx.770kg
