

## Measuring Cup Vertical Packing Machine RL320

### Characteristics:

- Equipped with safety protection, can meet the firm safely management requires.
- The whole machine is in compact structure which can occupy small space and easily to move.
- Use electromagnetic clutch cutting device to set cutting style.
- Use light touch bottom to control all the operation.

### Technical parameters:

Model	RL320
	Multi-head weigher vertical packing machine
Bag size	L40-190mm, W40-150mm
Packing speed	≤ 70bags/min
Total power	2.3kw
Compressed air cost	6-8kgf/cm <sup>2</sup> , 0.15m <sup>3</sup> /min
Dimension	1800x1320x1650mm
Products	Puff snacks, dried fruits, candy, biscuit, deep-frozen food, sees, nuts
