

Automatic Vegetable Packing Machine – CE-680/HY

CE-680/HY is a fully automatic high-speed and multifunctional vegetable packaging machine. It is suitable for packing all kinds of vegetables like long beans, potatoes, cabbage, carrots, coriander, cucumber, zucchini, pumpkin, eggplant, pepper, tomato, corn etc.

Machine Features:

- Equipped with positioning stop function, which can effectively prevent film scalding during shutdown.
- Anti-cutting function solve the problem caused by material misalignment, improving the packaging rate.
- The adopted forward and reverse tracking improves the tracking accuracy, ensures the cutting accuracy, and avoids the waste of packaging materials.
- Product parameter memory function, one-key adjustment of the touch screen of different packaging products. (Convenient and fast, easy to understand by employees)
- The automatic vegetable packaging machine starts on induction of incoming materials and stops when there is no material. There is no empty package phenomenon, and the material position is offset and the end seal is not cut. To
- The packaging range is wide, and the products of multiple specifications can be completed by one device, which saves the company's expenses.
- [Safety protection] The packaging machine and conveyor are equipped with a one-key emergency stop switch to ensure the safety of products and employees and avoid irreversible work injuries and losses.
- When testing packaging consumables are used up, it will stop automatically.
- There is no need to adjust the eccentricity, and the eccentricity parameters are automatically recognized and adjusted.

Technical Parameter:

| Model | CE-680/HY |
|---|--|
| Speed | 5-80 bags/min |
| Package product size | L: Unlimited W:20-300mm H:1-160mm |
| Width of packing film | ≤680mm |
| Outer diameter of packaging film | ≤380mm |
| Packaging film material | Bopp/Composite film/ Paper- Aluminum film /aluminum film |
| Machine operating height | 750-850mm |
| Total power | 5KW |
| Voltage | 220kw 50/60HZ |
| Weight | 1200kgs |
| Size (L x W x H) | 5300x940x1770mm (L x W x H) |
