

DZ-600/2GD Floor Type Vacuum Packing Machine

DZ-600 / 2GD floor-type vacuum packaging machine adopts microcomputer control with accurate sealing, adjusting vacuum packaging, sealing process as required. This machine has simple structure, stable performance and easy maintenance operation. One-stop operation can completed such as inflation (optional), sealing, printing, cooling and exhausting. The vacuum packed items can prevent oxidation, mildew, insects, damp to extend the shelf life of the product.

Vacuum pump has a strong vacuum capacity, and vacuum chamber size table is the standard size. If there are special requirements, we can customize the machine as required.

Application

DZ series vacuum packing machine is mainly used in vacuum packaging materials like meat, sauce pickled products, aquatic products, seafood, vegetables, agricultural products, preserved fruits, food, soy products, herbs, and electrical appliances.

Technical parameter:

Model	DZ-600 2G
Equipment size (mm)	760 × 770 × 970
Vacuum space size(mm)	700 × 620 × (180) 240
Heat sealing effective size(mm)	600 × 8 × 2
Vacuum pump(m ³ /h)	20*2
Motor power(kw)	0.9*2
Voltage(V)	/220/240/380
Frequency(Hz)	50/60
Working cycle(times/min)	2-3
Gross weight(kg)	185
Net weight(kg)	150
Vacuum chamber size(mm)	850 × 840 × 1155
