

Double Side Labeler

This model is suitable for one or both sides labeling on bottles in various industries, such as shampoo, detergent, oil bottle, cosmetic care products, lotions, and sauce.

Feature

- Flexible single/double-sided labeling can be switched for one or two labels, and the adjustable label applicator head is suitable for labeling of various sizes and shapes.
- Driven by servo motors, the speed can be automatically matched (linked up).
- Standardized and modular design for easy maintenance.
- Color touch panel and PLC control system. Easy to learn and operate.

Optional Accessories

- The labeler can be flexibly configured in IN-LINE / OFF-LINE.
- Various printer options (hot stamping, inkjet printer, thermal transfer printer, laser printers)
