

KENO-S107 Strapping Machinery

Product Description

1. Motor + reducer + cam +shrinking arm action. Large package force, low malfunction and convenient maintenance.
2. Parts are all precisely processed by computerized digital control machine tools. The mechanical action is flexible and stable, with excellent durability, complete function and long device life.
3. After the packaging is finished, the motor will immediately stop the operation, which is energy saving and practicable.

Technical Data:

- Model: KENO-S107
- Power supply: 1PH 220V, 50/60 Hz or 3PH 380V, 50/60Hz 0.85KVA
- PP strap width: 9, 12, 13.5, 15mm
- Table height: 815mm
- Strapping speed: 2 second/strap
- Tension Force: 5-80kg
- Electric control: Electric control
- Arch size: W850xH600mm
- Arch size: Min W550xH250mm, Max: W2850xH1800mm
- Machine size: L x W x H 1410x600x1540 mm
- Net weight: 215kg
