

## ***CKMLP-480-06 Multilane Milk Powder Stick Filling Machine***

This multilane milk powder stick packaging machine is suitable for many kinds of powder products, such as coffee powder, milk powder, spice powder, seasoning powder, sugar powder, juice powder etc. We can make the machine with single lane, 2 lanes, 4 lanes, 6 lanes, 8 lanes, 10 lanes, etc

Multi lanes powder stick filling machine can produce multi lanes bags at same time, with automatic split film at right position, liquid measuring and filling, multi lanes bag form fill seal, cutting, sensor tracking, counting capacity.

### **Main features of multilane milk powder stick filling machine:**

1. Multi-lines packing machine adopted advanced PLC and photoelectric control system.
2. Be able to weight, bag-making, filling, sealing, cutting, lot number, cutting easy tearing notch etc. automatically.
3. Servo Motor, good and fast speed and very high accuracy and more durable.

### **Technical Data**

<b>Model</b>	<b>CKMLP-480-06</b>
Package material thickness	0.04-0.08 mm
Bag length range	50 mm-120 mm
Bag width range	40-100 mm
Sealing width	4-15 mm
Gas source	0.6-0.8 Mpa
Power supply specification	220V/380V 50/60HZ
