

RL120 Vertical Powder Packing Machine

Suitable for packing fine powdery products with high accuracy in weight, such as milk powder, protein powder, coffee powder, flour, drinking powder, spices powder, etc.

Features:

1. PLC and HMI controller, servo motor film driving system, easy to operate and maintain.
2. Advanced photocell tracking system to ensure the cutting position accuracy.
3. Separate circuit boxes for power control and pneumatic control, low noise, good tightness and much more stable for machine working.
4. Finish the procedure of measuring, filling, bagging, gas flushing (exhausting), sealing, cutting and counting automatically.
5. Have error indicating system, helping handle the trouble immediately.
6. The device of gusset bag, linked bag, punching device, dust collecting device, electrostatic eliminating device for optional.

Technical Parameters

Model	RL120
Bag size	(L) 80-150mm
	(W) 20-50mm
Film width	Max.120 mm
Film thickness	0.04-0.10mm
Packing speed	10-60 bags/min
Air consumption	0.65Mpa, 0.3m³/min
Power supply	220V, 50/60Hz
Power	2.0kw
Dimension	L1320 x W1050 x H1800mm
Weight	300kg
