## ***ZH-100P Multifunction Automatic Horizontal Cartoning Machine***

ZH-100P Automatic Horizontal Cartoning Machine for bottle used for packing all shape of bottles and similar good into cartons including automatic leaflet folded, cartons open, feeding, embossing and sealing. etc. Also can adding hot-glue device extra. Adopt PLC control and photoelectron to easy to solve troubles.

### **Technical Parameters**

Electric power	AC220V 50HZ moter power 1.5KW
Prduction capacity	Rotation speed 50-100b/min
Volume of consumption	120~160L /min (pressure0.5-0.8Mpa)
Packing materia	Box requirement:280-400g/m2 (according to its dimensions to confirm)
	Specifications: Max.Size(LxHxW)200x85x50mm
	Min.Size(LxHxW):70x20x15mm
Leaflet	Paper requirement:55-65g/m2
	Specifications: Max.Size:240x190mm(LxW)
	Min.Size:80x90mm(LxW)
Overall dimension	4200x1200x1600mm
Weight	about 1.5tons
