3. Various packing format: pillow bags, punching bag, continuous bag
4. It is integrated with the multi-head weigher, with the overall height of 2.35m, easy cleaning and quick disassembly
5. The design of the whole machine conforms to GMP standard and has passed CE certification

Specification

Model:	ZL180
Bag size:	L: 40mm-170mm
	W:30mm-135mm
Packing speed:	20-80 bags/min
Power supply:	1PH 220V 50HZ
Compress air consuming:	0.6Mpa
Machine noise	≤75db
General power:	7.0KW
Weight:	650Kg
Outer dimension:	1350mm*1100mm*2350mm
