

KX-03 Needle Type Case Erectors System

Scope of application:

Scope of application: versatile for cartons in different materials and thickness.

Case Erecting Sealing Machine Optional:

- All-around Safety Covers
- S/S Machine Frame/Customized Painting
- Specific Electric/pneumatic Brands

Technical Features:

- Needle-type, consistent and smooth carton unpacking, fast, pace-controllable, highly stable in operation.
- HMI panel, iconic interface, technical parameters recordable, easy handling.
- 1.5M carton storage, no frequent refilling.
- Linear layout, compact footprint.

Technical Parameters

Model	KX-03
Machine Dimensions (mm)	2970 X 1020 X 1980
Applicable Size Ranges	250~550 X 200~400 X 120~350
Applicable Tape	(W)48~60~75mm L1000 yard
Capacity (pcs/min)	8~15
Working Table Height (mm)	670~720
Power Source	3PH 220V/380V 50/60Hz
Air Source	6~7kg/cm ²
N.W. (kg)	500
