

Automatic Quantitation Liquid Filling & Packaging Machine JS-14 Servo Motor + Touch Panel

Product Features:

- Touchable screen for easy usage to set up: Bag length, speed, heater temperature, eye mark tracing, filling volume...etc.
 - Servo Motor Control for ease operation
 - Precisely cutting position.
 - Multiple programs set up for different packaging products.
 - Auto eye mark tracing in a short time.
 - Auto quantity warning device
 - Auto warning display for quick trouble shooting.
 - All components in contact direct with the product are made of stainless steel or food sanitary standards.
 - Machine can make 3 sides, 4 sides, or pillow type packaging.
 - Filling, bag forming, filling & sealing to cutting are fully automatic.
 - Special design on filling & sealing, ensure clean and well packaging performance.
 - Machines can be made to customer's request.
-
- Applicable packing products: Tomato ketchup, shampoo, lotion, soy sauce, soymilk, orange juice, various liquid, water, oil...etc
 - Applicable packing materials: Poly-cello, PET+PE+Aluminum Foil+PE, OPP+PE, Aluminum Foil+PE, other hot sealable and laminated materials.
 - Standard Equipment: Tool box containing: 1 x box wrench, 1 x Hexagonal wrench, 1 x screw driver.
 - Optional Equipment: Automatic Date coder, easy opening device, product input equipment, product output conveyor, ground hopper, heated hopper...etc.

Specifications:

Packing Type (one optional only)	3 sides, 4 sides, or pillow type packaging
Packing weight	5-30cc or 30-80cc or 80-150cc or 150-300cc or 300-500cc (varies with product density)
Packaging size	Film width (W)60-160mm or 80-240mm
	Bag length (L)50-200mm
	Other sizes are available upon request
Packing speed	20-100 bags/min
Power source	110/220V, 50/60Hz (can be made upon request)
Motor	Servo Motor Control
Machine dimension (L x W x H)	80 x 78 x 190cm (Approximately)
Packing dimension (L x W x H)	112 x 103 x 200cm (Approximately)
Net weight	450kgs
Gross weight	550kgs
