

## *FH-B Medicine Powder Packaging Machine*

### **Description:**

- It is specialized in packing all kinds of powder products in medicine industry
- PLC controller and stepper motor it can be adjust different filing volume to meet packing requirements

### **TECHNICAL SPECIFICATIONS**

<b>Model</b>	<b>FH-B</b>
Filling range	100-1000 g
Filling speed	20-25 b/m
Filling precision	$\leq 1g$
Feeding type	auger
Voltage	200V/50Hz 750 W
Volume of hopper	150 kg
Weight	150kg
Overall dimension	1300x800x1800
