

WENZHOU FEIHUANG MACHINERY EQUIPMENT CO., LTD

## *FH-S200 Conveyor System*

1. The machine for automatic conveyor, can be used to spurt the code machine and laser machine, also can be used independently. Simple structure, convenient operation.
2. Using high speed motor, improve production efficiency.
3. The structure design is reasonable, the replacement of parts, simple and quick, can be combined according to the customer optional functionality.

### **Technical parameters**

MODEL:	FH-S200
VOLTAGE:	AC220V/50HZ
POWER:	80W
LENGTH OF THE PRODUCT:	65-500mm ADFJUSTABLE
WIDTH OF TH PRODUCT:	50-200mm ADFJUSTABLE
