

MT-50 Semi-automatic Round Bottle Labeling Machine

This machine adopts fully-mechanic drive that is made up completely sealing oiling boxes of high smoothness, few troubles and small noise. The motor load is low, the panel, and running disc transmission strap are made of stainless steels that are enduring, clean and easy to maintain. It occupies small space and can be moved freely in the work place. The use of paste labeling machine can greatly lower the cost for labeling. Semi-automatic labeling machine for labeling of various sizes rounded objects, mainly hosts, feeder, delivery, bottles positioning mechanism. By manually positioning mechanism into the bottle, the bottle after the positioning, press handle switch will automatically label on the bottle.

Technical Parameter

Model	MT-50	MT-50B
Labeling style	Single label	Double label
Label width	10-150mm	
Label Length	10-150mm	
Bottle diameter	Φ10-150mm	
Label roll diameter(Max)	Φ300mm	
Inside of paper roll	Φ76mm	
Label speed	≤40pcs/min	
Labeling precision	±1mm	
Machine size (L *W* H)	650×450×450mm
