

PF-1 Cream Filling Capping Machine

Applications:

Cream bottle packer for:
cream, gel, cosmetic

Typical Packaging Application:

- High production of bottle
- Trunk key solution of filling line

Features:

1. Easy adjust for various filling volume
2. Easy adjust for various bottle shape and size
3. No bottle, No Fill, No leak after fill
4. Easy Dismantle and Clean
5. Easy adjust for various cap shape and size
6. PLC Control, Touch Screen Operation

Technical Dates:

Model	PF-1
Can Size	D:40-100mm H:40-120mm
Fill Tool	Piston Filler
Capacity	Max 32 bottles/min
Fill Range	≤100ml
Hopper Capacity	30L
Voltage	1Phase 220V, 1.8KW
Overall Dimension	2641×2249×1485mm
Net Weight	850KG
