

Olive Oil Filling Machine

This piston filling machine is suitable for:

olive oil, sunflower oil, bean oil, seas am-seed oil, vegetables oil, edible oil, peanut oil, palm oil, corn oil, sauce and other similar products.

This machine function is:

1. Automatic bottle sensing system and filling
2. No bottle no filling
3. Filling error is control within 1‰
4. Filling arrange: mini volume: max volume =1:10
5. Automatic filling volume correction system.
6. Can be customized for different bottle and caps.
7. Can be equipped with cleaning system.

This machine filling system is made for cosmetics package food bottle medical products and chemical products, easy clean and changes, we have automatic piston opening for cleaning. it is a practical machine for production and clean, 24 hours runs none stops, hardly have machine break down once well adjusted.

Machine filling accuracy max is at 1%, from 100ML-1000ML, 1L-5L volume, and it is piston filling controlled by servo motor.

This machine is mechanical transmission, controlled by servo motor, it is well developed machine, use life more than 15 years.

This machine is guaranteed for one year and you can extent your guarantee easily by discuss with our sales.

Parameter:

Filling Head	8 Heads
Filling Volume Range	50-1000ml(Use 1000ml Piston Cylinder)
Production Speed	≤1800 Bph basis on 1000ml bottle
Voltage	220v/380v
Power	3kw
Suitable Bottle's Diameter	Φ40mm-Φ100mm
Filling Error	≤±1
Work Pressure	0.55Mpa-0.65Mpa
Size	2000mm × 1400mm× 2500mm
Weight	1000kg
