

QUALIPAK

QP-420/520/720BZ Vertical Packing Machine

It suitable for bulk grain, short bar objects such as puffy food, shrimp chip, rice, seed, peanut. etc.

Descriptions:

High precision, high efficiency without crash the materials.

Full automaticity. The machine complete the whole procedure of feeding, measuring, bagging, date printing, charging, product out put automatically.

The volumetric cups can be made to open-close model measure equipment.

Specifications:

Type	QP-420BZ	QP-520BZ	QP-720BZ
Film Width	Max.420mm	Max.520mm	Max.720mm
Bag length	80-300mm	80-400mm	80-300mm
Bag width	60-200mm	60-250mm	60-200mm
Packing speed	5-30 bags/min	5-50 bags/min	5-50 bags/min
Filling range	150-1500ml	3000ml	6000ml
Power	220V, 50/60Hz, 2.2KVA	220V, 50/60Hz, 4KVA	220V, 50/60Hz, 5KVA
Machine size	(L)1217×(W)1015×(H)1343	(L)1217×(W)1795×(H)1650	(L)1780×(W)1350×(H)1950
Machine weight	540Kg	600Kg	900Kg
