

## Automatic Plastic Rotary Honey Spoon Packing Filling and Sealing Machine SF-250H

High-speed honey spoon packaging filling machine, filling honey in the shape of a spoon, the spoon can be customized, and can pack 800-1000 pieces per hour.

### Features:

1. Digital screen display with numerical setting and flexible operation.
2. Imported PLC control system and color touching screen, easy operation.
3. Imported film driving system and color sensor enable accurate position.
4. PID independent control of temperature, more suitable for different packaging material.
5. Multiple automatic alarming functions, maximum deduction the loss.
6. Dual encoders enable more stable performance.

### Specification:

Model	SF-250H
Packing speed	800~1000 pieces/hour
Filling volume	1-20g
Machine power	220V/380V, 50HZ, 4KW
Machine size (L*W*H)	1217*1015*1343
Machine weight	250KG
