

## ***DZ-800Q Pneumatic Operation Vacuum Packaging Machine for Meat and Vegetables***

DZ-800Q pneumatic operation vacuum packaging machine is suitable for large material vacuum packing like meat, vegetables, aquatic products, seafood, preserved fruits, soy-based products, medicine, and electrical appliances.

Meat and vegetables pneumatic operation vacuum packaging machine adopts microcomputer program. The vacuum chamber, vacuum cover and main structure are all made of 304 stainless steel. The machine has a large space vacuum chamber, a wide range of applications, the maximum sealing length of 800mm, especially suitable for Vacuum sealing package for large pieces of meat, bags of food and medicines.

The vacuum cover adopts special design with beautiful appearance, good sealing effect and high mechanical strength, which completely avoiding the problems of deformation of the vacuum cover and leakage of the vacuum cover due to the large area and heavy weight of the vacuum cover in the conventional models.

**Main Parameters:**

<b>Model</b>	<b>DZ-800Q</b>
Outer box size (mm)	970 × 770 × 1050
Vacuum chamber volume (mm)	800 × 560 × 270 (100)
Heat seal effective size (mm)	480 × 8 / 780 × 8
Vacuum pump (m <sup>3</sup> /h)	45
Motor power (kw)	1.1
Voltage (V)	380
Frequency (HZ)	50
Working cycle (times/min)	1-2
Gross weight (kg)	260
Net weight (kg)	219
Machine size (mm)	1050 × 840 × 1170
