

32 Head Multihead Weigher MK-A32-1-1

The 32 head multihead weigher is designed to simultaneously weigh two different items with a weight of 10-1000g, making it suitable for various granular, sheet, strip and irregular items. The target weight is freely adjustable to meet customer packaging needs for versatility.

Features:

- 304 stainless steel ensures the product sanitation and safety;
- The related hoppers for target weight can be arranged for successive filling to efficiently solve any loose material clogging problems;
- A strong data statistics function automatically records the total weight, total package counts, pass percentage, and other indexes of each batch packages.

Technical Parameters:

- Model: MK-A32-1-1;
- Weighing range: 10-1000g*2;
- Weighing accuracy: $\pm 0.5-3g$;
- Max speed: 130bags/min;
- Hopper volume: 1600ml/2500ml;
- Drive model: stepper motor;
- Controller: 7 inch touch screen;
- Power: 220V/1500W/50 60HZ/16A;
- Size: L1950*W1650*H1650;
- Weight: 600kg.
