

High-Speed Powder Making Machine WFJ-series

Sinoped ultra micro pulverize can handle the crushing and grading of various materials such as chemicals, food, cosmetics, dyes, resins, shells and so on.

Features

- Simple structure, easy in installation and maintenance.
- Adopting advanced world famous brand motor, electric parts, bearing and operation parts.
- No dust during production, and dust can be collected in dust collecting box.
- It can pulverize heat sensitive material.
- It can grind spice and oil material with oil content 10%~20%.

Technical Parameters

Model	Capacity (kg/h)	Feed particle size (mm)	Output particle size (mesh)	Spindle speed (r/min)	Total power (kw)
WFJ-200	10-30	≤10	60-450	8000	7.33
WFJ-300	10-100	≤10	60-450	5800	13.5
WFJ-450	50-250	≤10	60-450	5200	19.3
WFJ-520	80-500	≤10	60-450	5000	39.05
WFJ-630	200-1500	≤10	60-450	4500	76.3
WFJ-800	4000 r/min	≤10	60-450	3000	130.45
