

SLB-220 Automatic Strip Packaging Machine

It is suitable for automatic aluminum-aluminum foil heat sealing packing for tablets, candy and pills in medicine, health-care, chemical, foodstuff etc industry.

Meeting the requirement of sealing for avoiding light, and also it can be used in plastic-plastic heat sealing package. It automatically completes the functions such as vibrating material feeding, broken piece filtering, counting, lengthways and transverse impressing, cutting margin scrap, batch number printing etc. It adopts PLC programmable controller, with frequency converter, man-machine interface to operation, and also can adjust cutting speed and travel range at random. It is accurate feeding, tight sealing, full purpose, stable performance, ease of operation. It can enhance the product grade, extended product durability. It is an ideal equipment for pharmaceutical industry.

Technical Parameters

Specs		SLB-220
Speed of Drum (rpm)		7-15 (stepless)
Production Capacity pcs/h)		20000-85000
Packing Dimension (mm)		220mm Can Be Manufactured As User's Requirements
Packing Material Specification (mm)	PVC for medicine	0.05-0.1×220
	AL-plastic combined film	0.08-0.10×220

	Hole dia of reel	70-75
Electro Thermal Power		380V/1.5kw*2
Main Motor Power (kw)		0.55
Air Pressure (Mpa)		0.4-0.6
Air Supply		$\geq 0.1\text{m}^3/\text{min}$
Overall Dimension (mm)		1450*670*1700(L*W*H)
Weight (kg)		650
